Saturday
16

The most complex machine Families

Leonardo da Vinci's passion for accurately recording his findings led to insights into the workings and structure of human beings. Take a look at how underlying skeletal and muscular structure gives our bodies form as well as functionality. Discover the 6 types of joint found in the body and examine how they are fit for purpose.

Leeds Art Gallery
LS1 3AA

1PM to 3PM

To infinity and beyond W P MILNE LECTURE A level maths standard

The infinitely large and the infinitely small are mind-blowing concepts that have helped mathematicians to solve some very real, and infinite problems. Katie Chicot explores the mysteries and mis-conceptions of infinity, from ancient puzzles to some of the very latest mathematical research, taking you to infinity... and beyond.

University of Leeds
Woodhouse Lane, Leeds

2:30PM to 3:30PM

Free!
