Fact Sheet
This three-day residential course for sixth form students, provides an introduction to student life and mathematics at the University of Leeds. Our University tutors will extend and enrich your existing study of mathematics at A-level (or equivalent) through a series of talks, and we will show you how mathematics develops at degree level.

We will give you an invaluable insight into the structure of mathematics degrees, the courses, admissions procedure and how to make the most of your application to university.

This is your chance to:
- Listen to world class mathematicians talk about the subjects they know best
- Get advice on the careers available with a mathematics degree
- Stay in student accommodation
- Meet other students from around the country

General conference information
The conference will start at 1.30pm on Wednesday with registration and lunch from 12.30pm, and the end of the conference will be Friday lunchtime ( timings to be confirmed).
Most conference activities will take place on the University of Leeds main campus, with accommodation at the historic Devonshire Hall, approx. 15-20 minutes’ walk from the campus. Day 2 of the conference will be supported this year by the Institute of Mathematics and its Applications (IMA), incorporating their 16+ Lecture Day. We will be welcoming additional students onto campus for this day.

Course fees
The course fee is £140. This includes accommodation on Wednesday and Thursday nights, and all meals and refreshments. There will also be a bowling trip on one of the nights.

Travel arrangements and expenses will be the responsibility of the individual student.

There are 10 scholarships available to candidates who fit the University of Leeds ‘Access to Leeds’ criteria. If successful, participants with a scholarship will not need to pay the course fee and will be able to claim reimbursement on travel. Eligibility details can be found on the Access to Leeds eligibility pages http://www.leeds.ac.uk/projectleeds/info/128005/applying/33/alternative_admissions

How to apply
You can apply via our website www.stem.leeds.ac.uk/mathematics/summerschool. You should get permission from your school/college before you attend.

Students apply individually, however, we generally limit attendance to 2 students from each school/college, to ensure a broad participation. Payment will only be required once your place has been confirmed.

Applicants should apply as soon as possible, but no later than 1 May 2020. We will contact you as soon as possible after the deadline to let you know if you have been offered a place. If the conference is oversubscribed further applicants will be placed on a waiting list.
